EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO 4:

Appointment of Statutory Auditor of the Company:

The Members of the Company at the 28th Annual General Meeting (AGM) held on August 2, 2019 had approved the re-appointment of M/s. GMJ & Co, Chartered Accountants (Firm Registration No. 103429W), as Statutory Auditors of the Company to hold office for a term of five consecutive years from the conclusion of said AGM till the conclusion of the 33rd AGM. Pursuant to the provisions of Section 139(2) of the Companies Act, 2013 (the "Act") read with rules made thereunder, the term of the present Statutory Auditors expires at the conclusion of this AGM. The Board of Directors place on record their appreciation for the services rendered by M/s. GMJ & Co, as the Statutory Auditors.

The Board of Directors of the Company at its meeting held on May 13, 2024 has, considering the experience and expertise and on the basis of recommendation of the Audit Committee, proposed to the members of the Company appointment of M/s. Desai Saksena & Associates (Firm Registration No. 102358W), Chartered Accountants, as Statutory Auditors of the Company in place of M/s. GMJ & Co, Chartered Accountants, for a term of five consecutive years from the conclusion of 33rd AGM till the conclusion of the 38th AGM to be held for the financial year ended March 31, 2029 on payment of such remuneration as may be decided by the Board of Directors of the Company in consultation with the Statutory Auditors.

ITEM NO 5:**Continuation of appointment of Mr. Venkatesh Kamath (DIN:00042866) as an Executive Director of the Company**

The Members may note that pursuant to SEBI's amendment dated July 15, 2023, applicable with effect from April 1, 2024 read with Regulation 17(1D) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the continuation of a Director serving on the Board of Directors of a listed entity shall be subject to the approval by the Members at a general meeting at least once in every five (5) years from the date of their appointment or reappointment, as the case may be.

Further, the continuation of director serving on the Board of Directors of a listed entity as on March 31, 2024, without the approval of the Members for a period of last five (5) years or more shall be subject to the approval of Members in the first general meeting to be held after March 31, 2024.

Mr. Venkatesh Kamath was appointed as the Executive Director of the Company w.e.f. September, 26th 2014 not liable to retire by rotation and presently he is also the Chief Financial Officer of the Company.

Therefore, Mr. Venkatesh Kamath (DIN: 00042866) can continue as Director of the Company w.e.f. March 31, 2024 only if Members approve continuation of his appointment as Director of the Company.

Members may note that Mr. Venkatesh Kamath has played a pivotal role as the Board Member of the Company.

The Board believes that his continuation and guidance on the Board will significantly contribute to the Company's growth and long-term value creation.

In view of the above and after careful consideration of his performance over the past years and on recommendation of the Nomination and Remuneration Committee, the Board subject to approval of the Members, approved the continuation of Mr. Venkatesh Kamath as an Executive Director for a period of 5 (five) consecutive years w.e.f. March 31, 2024 and shall not be liable to retire by rotation.

The details of Mr. Kamath as required under Secretarial Standard – 2 and Regulation 36 of the SEBI Listing Regulations, as applicable, are provided in Annexure to the Notice.

Save and except for the above, none of the other Directors, Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in this resolution.

Considering the above, the Board recommends his continuation as Director by way of Ordinary Resolution as set out in Item no 5 of this Notice.

29. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL OUTLOOK

The World Economic Outlook Report of April 2024 from IMF describes the Global Economic situation as “Steady but Slow”. It says as global inflation has descended from its mid-2022 peak, economic activity has grown steadily. Growth in employment and incomes have held steady, resulting in increased consumption demand. The unexpected growth in consumption is a residual effect of the substantial savings accumulated by households during the pandemic.

Global growth, estimated at 3.2 percent in 2023, is projected to continue at the same pace in 2024 and 2025. Global headline inflation is expected to fall from an annual average of 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025.

Oil prices have remained volatile having risen to near the \$90 per barrel-mark, with supply worries high given the escalating Middle East tensions between Iran and Israel and back-to-back attacks on energy infrastructure between Ukraine and Russia. The price has since corrected but remains above USD 80-85.

Having said the aforesaid, the global supply is being constrained by producers to even with supply.

Economic situation :

India: India continues to shine as a bright spot. It is the fifth-largest economy in the world and is poised to retain its position as the world’s fastest-growing major economy. Its GDP growth remained buoyant at 7.3% in FY 2023-24 as against 7.2% in FY 2022-23 was supported by robust domestic demand, moderate inflation, a stable interest rate environment, and strong foreign exchange reserves. The International Monetary Fund (IMF) commended India’s economic resilience, robust growth, and notable progress in formalization and digital infrastructure.

India’s economic outlook is optimistic as it reaps the benefits of demographic dividend, physical and digital infrastructure enhancements, increased capital expenditure and the government’s proactive policy measures such as Production Linked Incentive (PLI) Schemes. According to the IMF, the Indian economy is expected to expand steadily at 6.5% in 2024.

INDUSTRY OVERVIEW AND FINANCING

The Non-Banking Financial Companies (NBFCs) in India have been pivotal in bridging the credit gap for various segments of the economy, notably the Micro, Small, and Medium Enterprises (MSMEs) and the underbanked populations. These institutions have complemented the traditional banking sector by offering financial services tailored to the unique needs of their clients, leveraging their extensive geographical reach and quick service delivery.

The NBFC sector is witnessing a resurgence post-pandemic, with anticipated credit growth rates of 13–14% for FY 2024. The industry is also seeing the emergence of new NBFCs focusing on niche customer segments, a trend likely to continue in the foreseeable future. The pandemic has accelerated technology adoption and changed consumer behaviors, making it feasible for NBFCs to operate without extensive physical networks, reducing the capital requirements traditionally associated with setting up financial services institutions.

India’s robust economic growth, expected at 6.21% for FY 2024, is underpinned by strong domestic demand alongside notable expansions in the manufacturing and services sectors. This growth trajectory is anticipated to sustain a vigorous demand for credit, particularly among MSMEs and retail sectors, with projections indicating a Growth rate of 13-14% in credit demand. NBFCs, with their flexible and diverse business models, are well-positioned to meet this demand efficiently.

The transformative shift in India’s financial services landscape over recent years, driven by digital innovations such as neo-banking, digital authentication, the proliferation of the Unified Payments Interface (UPI), and increased mobile internet usage, has redefined the dynamics of financial services, especially credit. The modularization of financial services facilitated by these advancements has empowered NBFCs to offer specialized and accessible financial products.

Between FY 2023 and FY 2025, the NBFC sector is expected to witness a Compound Annual Growth Rate (CAGR) of 13–15% in credit extension. This growth is a testament to the sector's resilience and reflects its crucial role in supporting India's economic development by enhancing formal credit penetration among underserved populations.

Opportunities and Threats

Your Company, being an investment Company, seeks opportunities in the capital market. The volatility in stock indices in the financial year under report represents both an opportunity and challenge for the Company.

The Company continuously evaluates its investments in investee companies to ensure that the same meets the objective of ensuring maximization of value to all its stakeholders in a prudent manner. The Company expects to make full use of the growth opportunities available to it. However, the challenge remains in being able to leverage these initiatives to carve out a space in the competitive industry, within the regulatory and compliance framework.

- **Internal Control Systems and Adequacy**

The Company has a satisfactory internal control system. The adequacy of the internal control system is reviewed by the Audit Committee of the Board of Directors. Your Company has taken proper and sufficient care for the maintenance of adequate accounting records as required by various Statutes. Internal Auditors, the Audit Committee and Statutory Auditors have full and free access to all the information and records considered necessary to carry out their responsibilities.

- **Human Resources:**

The Company's current activities do not require engagement of significant human resources. However, requisite qualified and experienced personnel have been engaged to take care of organization need of human resource. The Company will engage requisite human resources as and when required.

- **Future Outlook**

The future growth of the NBFC sector in India will be shaped by a confluence of factors, including policy support, regulatory oversight, and the continued digitization of the financial value chain. These elements will collectively contribute to the sector's ability to support the broader narrative of India's economic expansion, making NBFCs indispensable to the nation's growth story.

In navigating the complexities of the global market landscape, our commitment remains steadfast in delivering sustainable value and preserving shareholder interests. Our investment strategies emphasize security selection, diversification, and a balanced approach to capitalize on emerging trends while safeguarding against potential risks.

INDEPENDENT AUDITOR’S REPORT

To Members
TCFC Finance Limited,
Report on the Indian Accounting Standards (“Ind AS”) Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **TCFC Finance Limited** (“the Company”), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the material accounting policies and other explanatory information (hereinafter referred to as “Ind AS financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act,2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the Profit and total comprehensive income, statement of changes in equity and its cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (“SAs”) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (‘ICAI’) together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Valuation of Investments

<p>The company’s investment portfolio consists of Equity Instruments and Government Securities.</p> <p>Total investment portfolio of the company represents 24.03 per cent of the company’s total assets (net of provision).</p> <p>Investments are stated at cost less provision for diminution other than temporary in the value of these investments.</p> <p>In respect of the portfolio of quoted investments we do not consider these investments to be at a high risk of significant misstatement, or to be subject to a significant level of judgement because they comprise liquid, quoted investments. However, due to their materiality in the context of the financial statements as a whole, they are considered to be one of the areas which had significant impact on our overall audit strategy.</p> <p>The portfolio of unquoted investments is 1.46 per cent of the company’s Total Assets. Valuation of unquoted investments involves judgement depending on the observability of the inputs into the valuation and further judgement in determining the appropriate valuation methodology where external pricing sources are either not readily available or are unreliable. Refer Note no. 2-3 of the “Material Accounting Policies”.</p>	<p>Our audit procedures for this area included:</p> <ul style="list-style-type: none">• We assessed appropriateness of the pricing methodologies with reference to company’s accounting and valuation policy;• We have assessed the process and tested the operating effectiveness of the key controls, including the company’s review and approval of the estimates and assumptions used for the valuation including key authorization and data input controls;• For quoted investments, recalculated the valuations of investments with independent pricing sources;• For unquoted investments, we critically evaluated the valuation assessment and resulting conclusions in order to determine appropriateness of the valuations recorded with reference to the company’s valuation guidelines.
---	--

Inventories

<p>The company's inventory consists of Shares and mutual fund.</p> <p>Total Inventory of the company represents 75.34 per cent of the company's total assets.</p> <p>Inventory's are made and valued in accordance with Policy of the company and relevant Ind AS at cost or market value whichever is lower on FIFO basis. Refer Note no. 2-3 of the "Material Accounting Policies".</p>	<p>Our audit procedures for this area included:</p> <ul style="list-style-type: none"> • We assessed appropriateness of the pricing methodologies with reference to company's valuation policy. • We have verified the inventory of shares by DEMAT statements and the account statements in respect of Mutual Funds. • In Quoted Inventories recalculated the valuation with independent pricing sources.
---	---

Other Information

The company's Board of Directors is responsible for preparation of the other information. Other information comprises the information included in the Management Discussion and Analysis of the Board's Report including Annexures thereto to Corporate Governance and Shareholder's Information, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Management's Responsibility for the Ind AS Financial Statements

The company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with provisions of the Act for safeguarding assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

TCFC FINANCE LIMITED

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually, or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in Annexure "A" hereto a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.

2. As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the company so far as appears from our examination of those books;
- c) The Balance Sheet, Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid Ind AS financial statements comply with the accounting standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e) On the basis of written representations received from the directors as on 31st March, 2024, taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2024, from being appointed as a director in terms of section 164 (2) of the Act;
- f) With respect to adequacy of the internal financial controls over financial reporting of the company and operating effectiveness of such controls, refer to our separate report in "Annexure B"; and
- g) With respect to other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
- h) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid / provided by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- i) With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements - Refer Note no. 27 of Ind AS Financial Statements.
 - ii. The company does not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether,

TCFC FINANCE LIMITED

directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

- v. The company has not declared and paid any dividend during the year, and hence the compliance with section 123 of the Act is not applicable to the company.
- vi. Based on our examination which included test checks, the company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

ANNEXURE – “B” TO INDEPENDENT AUDITOR’S REPORT ON INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES, ACT 2013 (“THE ACT”)

We have audited the internal financial controls over financial reporting of TCFC Finance Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the Ind AS Financial Statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring orderly and efficient conduct of its business, including adherence to company’s policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such control operated effectively in all material respects.

Our audit involved performing procedures to obtain audit evidence about adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including assessment of the risks of material misstatement of the IndAS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding reliability of financial reporting and preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of inherent limitations of internal financial controls over financial reporting, including possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

1 Corporate Information

TCFC Finance Limited (the 'Company') was incorporated in India on August 29, 1990 under the provision of Companies Act, 2013 ('the Act').

The Company engaged in the business of finance and investments and trading in equity shares, mutual funds, securities etc.

The Company holds a Certificate of Registration (CoR) as Non-Banking Financial Institution, without accepting public deposits, registered with the Reserve Bank of India ("RBI") under section 45-IA of the Reserve Bank of India Act, 1934. The Company received its certificate of registration as a non-banking finance Company on August 12, 1998.

The Registered office of the company is 501-502, Raheja Chambers, 213, Free Press Journal Road, Nariman Point, Mumbai 400021.

2 Significant Accounting Policies

2.1 Basis of preparation

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended March 31, 2019, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements for the year ended March 31, 2020 are the first, the Company has prepared in accordance with Ind AS. Refer to note 36 for information on how the Company adopted Ind AS.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments),

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest Rupees, except when otherwise indicated.

The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 3 - Significant accounting judgements, estimates and assumptions.

The financial statements are prepared on a going concern basis, as the Management is satisfied that the company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.2 Presentation of financial statements

The financial statement of the company are presented as per Division III of the Schedule III to the Companies Act 2013.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- a. The normal course of business
- b. The event of default
- c. The event of insolvency or bankruptcy of the Company and/or its counterparties

2.3 Statement of Compliance

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act.

2.4 Summary of significant accounting policies

(a) Revenue from operations

(i) Interest income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed:-

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognised by applying the effective interest rate to the net amortised cost (net of provision) of the financial asset.

(ii) Dividend income

Dividend income is recognised

- a. When the right to receive the payment is established,
- b. it is probable that the economic benefits associated with the dividend will flow to the entity and
- c. the amount of the dividend can be measured reliably

(iii) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

(b) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial measurement of financial instruments

Financial assets and financial liability are initially measured at fair value. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities recorded at fair value through profit & loss (FVTPL)), are added to or subtracted from the fair value of financial assets or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in profit or loss.

(ii) Day 1 profit or loss

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

(iii) Classification & measurement categories of financial assets and liabilities:

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

Financial assets at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold assets for collecting contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely for the payments of principal and interest on the principal amount outstanding. The changes in carrying value of financial assets is recognised in profit and loss account.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding. The changes in fair value of financial assets is recognised in Other Comprehensive Income.

Financial Assets at fair value through profit & loss (FVTPL)

A financial asset which is not classified in any of above categories are measured at FVTPL. The Company measures all financial assets classified as FVTPL at fair value at each reporting date. The changes in fair value of financial assets is recognised in Profit and loss account.

(c) Financial assets and liabilities

(i) Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For the financial instrument other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash flows (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

(ii) Financial assets held for trading

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held-for-trading assets are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

(iii) Investment in Equity instruments

The Company subsequently measures all equity investments at FVTPL, unless the Company's management has elected to classify irrevocably some of its strategic equity investments to be measured at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

(iv) Financial Liabilities

All the financial liabilities are measured at amortised cost except loan commitments, financial guarantees.

(v) Financial liabilities and equity instruments

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

(vi) Reclassification of financial assets and financial liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. The company didn't reclassify any of its financial assets or liabilities in current period and previous period.

(d) Derecognition of financial assets and liabilities

(i) Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or a part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if and only if; either

- The Company has transferred the rights to receive cash flows from the financial asset or
- It retains the contractual rights to receive the cash flows of the financial asset but assumed a contractual obligation to pay the cash flows in full without material delay to third party under 'pass through' arrangement..

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset, or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

(ii) **Derecognition of financial liabilities**

A Financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid, including modified contractual cash flow recognised as new financial liability, is recognised statement of profit and loss.

Impairment of financial assets

The Company records allowance for expected credit losses for financial assets carried at amortised cost and all debt financial assets not held at FVTPL, in this section all referred to as 'Financial instruments'. Equity instruments are not subject to impairment under Ind AS 109.

ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original effective interest rate. Because ECL consider the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due.

Simplified Approach

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance. However, if receivables contain a significant financing component, the Company chooses as its accounting policy to measure the loss allowance by applying general approach to measure ECL.

General Approach

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss as outlined in Note 35).

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date."

(e) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date using various valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company's accounting policies require, measurement of certain financial / non-financial assets and liabilities at fair values (either on a recurring or non-recurring basis). Also, the fair values of financial instruments measured at amortized cost are required to be disclosed in the said financial statements.

The Company is required to classify the fair valuation method of the financial / non-financial assets and liabilities, either measured or disclosed at fair value in the financial statements, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurement). Accordingly, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy described as follows:

Level 1 financial instruments:

Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments:

Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments:

Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations. Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

(iv) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(i) Treasury shares

As per Ind AS 32: Financial Instruments - Presentation, Treasury shares shall be deducted from equity and no gain or loss shall be recognised in profit or loss on the purchase, sale, issue or cancellation of such shares. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve.

(f) Earnings per share:

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

(g) Retirement and other employee benefit:

(i) Provident fund:

The Company contributes to a recognised provident fund which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

(ii) Gratuity:

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method.

Re-measurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurement are not reclassified to profit or loss in subsequent periods.

(iii) Compensated absences:

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

(h) Property, plant and equipment

All items of property, plant and equipment are measured at cost less accumulated depreciation and impairment loss if any. The cost comprises the purchase price and incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.

Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, as and when they are incurred.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Nature of assets	Estimated useful lives
Office equipment	5
Computer Systems	3
Furniture & fixtures	10

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(i) Intangible assets:

An intangible asset is recognised only when its cost can be measured reliably, and it is probable that the expected future economic benefits that are attributable to it will flow to the company.

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortization period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

(j) Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of

the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the impairment is reversed subject to a maximum carrying value of the asset before impairment.

(k) Provisions and other contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognized.

(l) Taxes

(i) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

(iii) Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(iv) Minimum Alternate Tax (MAT)

Minimum alternate tax (MAT) is not applicable to the Company, it has chosen an option to pay corporate tax under section 115BAA at the rate of 22% plus applicable surcharge and cess subject to compliance with certain conditions with effect from year ended 31st March 2021 onwards.

(m) Cash and cash equivalents

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

(n) Inventories

The company deals in shares and securities which are held for the purpose of trading. Accordingly, the company measures its inventories at the Fair value less cost to sell. Cost includes purchase price, duties, brokerage and other costs directly attributable to the acquisition of the inventories. Cost of inventory is computed as "First in first out" basis.

(o) Dividends on Equity Shares

The Company recognises a liability to make cash distributions to its equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

3 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

Critical judgements in applying accounting policies :

(i) Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(ii) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

(iii) Impairment of Non-Financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. An asset's recoverable amount is higher of an asset's fair value less cost of disposal and its value in use. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

(iv) Provision and contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of its business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgment is required to conclude on these estimates.

(v) Provisions for Income Taxes

Significant judgements are involved in determining the provision for income taxes including judgement on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

26. EMPLOYEE BENEFIT OBLIGATIONS

a. Defined contribution plan - provident funds

In accordance with Employees' Provident Fund and Miscellaneous Provisions Act, 1952, employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan, in which, both the employee and the Company contribute monthly at a determined rate. These contributions are made to a recognized provident fund administered by Regional Provident Fund Commissioner. The employees contribute 12% of their basic salary and the Company contributes an equal amount.

The Company recognised ₹ 3,75,576 (PY: ₹ 3,59,083) for year ended March 31, 2024, for provident fund and other contributions in the Statement of profit and loss.

b. Defined Benefit Plan - Gratuity

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by number of years of service.

The most recent actuarial valuation pertaining to present value of the defined benefit obligation (DBO) for gratuity were carried out as at March 31, 2024. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

29. SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Promoters of the Company. The Company operates only in one Business Segment i.e. finance and investments and trading in equity shares, mutual funds, securities etc., since the nature of these business are exposed to similar risks and return profiles, hence they are collectively operating under a single segment. Accordingly the Company does not have any reportable Segments as per Indian Accounting Standard 108 "Operating Segments".

31. CAPITAL MANAGEMENT

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company manages its capital in a manner which enables it to safeguard its ability to continue as a going concern and to optimise returns to the Shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The funding requirements are met through operating cash flows and other equity. The management monitors the return on capital and the board of directors monitors the level of dividends paid to shareholders of the Company. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

"No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2024 and March 31, 2023

32. FAIR VALUE MEASUREMENTS

A. Valuation Principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques:

Fair Value Hierarchy

Level 1 - Valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that Company can access at the measurement date.

Level 2 - Valuation technique using observable inputs: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 - Valuation technique with significant unobservable inputs: Those that include one or more unobservable input that is significant to the measurement as whole.

Valuation Methodologies of Financial Instruments measured at fair value

Mutual Funds

The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Equity Shares

Equity shares are fair valued based on their quoted market prices at the end of reporting period. The quoted market price used for financial asset held by the Company is the current bid price. Such instruments are classified as Level 1.

Fair value of financial instrument not measured at fair value

The table below is a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non-financial assets and non-financial liabilities.

Valuation Methodologies of Financial Instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in notes.

Short Term Financial Assets and Liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, bank balance other than cash and cash equivalents, trade receivables, deposits and other financial liabilities.

Investments

The fair value of investment in tax free bonds is based on the current bid price of respective investment as at the balance sheet.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

33. FINANCIAL RISK MANAGEMENT

The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The financial risks are managed in accordance with the Company's risk management policy which has been approved by its Board of Directors. The Company's Board of Directors has overall responsibility for managing the risk profile of the Company. The purpose of risk management is to identify potential problems before they occur, so that risk-handling activities may be planned and invoked as needed to manage adverse impacts on achieving objectives.

The Company has exposure to the following risks arising from Financial Instruments:

Risk	Exposure arising from
Credit Risk	Cash and cash equivalents, other bank balance, trade & other receivables, financial assets measured at amortised cost
Liquidity Risk	Financial liabilities
Market Risk - Foreign Exchange	Recognised financial assets not denominated in INR
Market Risk - Interest Rate	Investments in debt securities
Market Risk - Price	Investments in equity securities, units of mutual funds, debt securities measured at FVTPL

(A) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's trade and other receivables, cash and cash equivalents, other bank balances and financial assets measured at amortised cost.

Exposure to credit risk is mitigated through regular monitoring of collections, counterparty's creditworthiness and diversification in exposure.

Exposure to Credit Risk

The carrying amount of financial assets represents maximum amount of credit exposure. The maximum exposure to credit risk is as per the table below, it being total of carrying amount of cash and cash equivalent, other bank balance, trade and other receivables and financial assets measured at amortised cost.

Particular	March 31, 2024	March 31, 2023
Maximum exposure to credit risk	282,296	329,777

Expected Credit Loss (ECL) on Financial Assets

The Company continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL (12mECL) or life time ECL (LTECL), the Company assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired:

- Historical trend of collection from counterparty
- Company's contractual rights with respect to recovery of dues from counterparty
- Credit rating of counterparty and any relevant information available in public domain

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with contract and the cash flows that the Company expects to receive).

TCFC FINANCE LIMITED

The Company has following type of financial assets that are subject to the expected credit loss:

(i) Trade and other receivables

Exposures to customers' outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of collection from counterparties on timely basis reflects low level of credit risk. As the Company has a contractual right to such receivables as well as the control over such funds due from customers, the Company does not estimate any credit risk in relation to such receivables.

(ii) Cash and cash equivalents and other bank balances

The Company holds cash and cash equivalents and other bank balances as per note 4 and 5. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high.

(iii) Investment in Debt Securities measured at amortised cost

The Company has made investments in tax free bonds. Funds are invested after taking into account parameters like safety, liquidity and post tax returns etc. The Company avoids concentration of credit risk by spreading them over several counterparties with good credit rating profile and sound financial position. The Company's exposure and credit ratings of its counterparties are monitored on an ongoing basis.

Investment in debt securities that are in tax free government bonds do not carry any credit risk, being sovereign in nature. Credit risk from other financial assets has not increased significantly since initial recognition. Accordingly, the expected probability of default is low.

(B) Liquidity Risk

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Company on acceptable terms.

To limit this risk, management has adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. The Company has developed internal control processes for managing liquidity risk.

The Company maintains a portfolio of highly marketable and diverse assets that are assumed to be easily liquidated in the event of an unforeseen interruption in cash flow. The Company assesses the liquidity position under a variety of scenarios, giving due consideration to stress factors relating to both the market in general and specifically to the company

Exposure to Liquidity Risk

The table below analyses the Company's financial liabilities into relevant maturity pattern based on their contractual maturities for all financial liabilities.

(C) Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows related to financial instrument that may result from adverse changes in market rates and prices (such as foreign exchange rates, interest rates, other prices). The Company is exposed to market risk primarily related to currency risk, interest rate risk and price risk.

(i) Currency Risk

The Company does not have any foreign currency denominated assets. Accordingly, the exposure to currency risk will not arise.

(ii) Interest Rate Risk

The Company is mainly exposed to the interest rate risk due to its investment in tax free bonds. The interest rate risk arises due to uncertainties about the future market interest rate on these investments. As at March 31, 2024, the investment in tax free bonds is INR 7,99,64.00 (March 31, 2023: INR 7,99,64.00). As at March 31, 2024, the investment in bonds is INR 18,73,97.80 (March 31 2023: INR 10,68,24.74). There are exposed to interest rate risk.

Sensitivity Analysis

The table below sets out the effect of increase/decrease in interest rates of 1%:

Particular	March 31, 2024	March 31, 2023
1% Increase in interest rate	2,673.62	1,867.89
1% decrease in interest rate	(2,673.62)	(1,867.89)

(iii) Price Risk

Price risk is the risk that the value of the financial instrument will fluctuate as a result of changes in market prices and related market variables including interest rate for investments in debt oriented mutual funds and debt securities, whether caused by factors specific to an individual investment, its issuer or the market. The Company's exposure to price risk arises from investments in equity securities, debt securities, units of mutual funds, venture capital fund and alternative investment funds which are classified as financial assets at Fair Value Through Profit and Loss and is as follows:

Particular	March 31, 2024	March 31, 2023
Exposure to price risk	866,687.17	687,538.65

To manage its price risk arising from investments in equity securities, debt securities, units of mutual funds, venture capital fund and alternative investment funds, the company diversifies its portfolio.
